# DIY Seed Packet Instructions

1. Fill in/circle the information on the blanks of the seed packet.
2. Cut out the seed packet along the solid line.
3. Fold on the dashed lines
4. Apply glue or double-sided tape along the dotted areas on the flaps labeled "A" and "B".
5. First fold in the "A" and "B" flaps, and then fold flap "C" to close.
6. Fill the seed packet with seeds.
7. Close the top flap ("D") with glue or tape.
